

## INDEX TO VOLUME 7

The star (\*) preceding the page number indicates an original article. No author entries are made except for original articles and society transactions. Book Reviews, Obituaries and Society Transactions are indexed under these headings in their alphabetical order under the letters B, O and S, respectively.

	PAGE
Abderhalden's Reaction, interferometric and chemical demonstration of Abderhalden's serum ferments.....	349
value of, for medicolegal purposes early in pregnancy and in abortion.....	551
Abdomen, foreign body in.....	334
Abnormalities and Deformities, congenital defects of radius and ear and facial paralysis .....	146
Abortion, corrosion of urinary bladder, dilated ureters and renal pelvis following attempted.....	357
is Abderhalden test of value for medicolegal purposes early in pregnancy and in .....	551
wounds .....	354
Abscess: See also under Lung	
rupture of heart from.....	1090
Aectarsone, (stovarsol) Influence of reticulo-endothelial system on prophylactic effect of, against spirochetes...	545
Acetone, bodies, changes in rate of excretion of, during 24 hours.....	1099
Acid, influence of feeding on, in feces of infants .....	149
Acid-Base Equilibrium, acid intoxication of adrenal insufficiency in dogs.....	320
of bilaterally nephrectomized and adrenalectomized dogs.....	319
of gastric secretions, pancreatic juice and bile.....	914
stomach as a coregulator of.....	325
Acidosis, diabetic, plasma in.....	536
ketosis in diabetes, epilepsy and obesity, comparison of thresholds of.....	1099
Acridine Dyes, acriflavine, bacterial adaptation to.....	159
choice of antiseptic dye in mixed infections .....	159
Acriflavine: See Acridine Dyes	
Acromegaly, fugitive, studies in.....	910
roentgen ray therapy of hypophysis in patient with.....	1082
Acterol: See Ergosterol, irradiated	
Actinomycosis, etiology of, in domestic animals .....	164
Addison's Disease, hypoglycemia in.....	530
with atrophy of suprarenal cortex.....	532
Adenocarcinoma: See under Cancer	
Adenoma, and carcinoma of thyroid.....	747
metastasizing, of thyroid.....	559
of fallopian tubes.....	727
Adenomyoma, of stomach.....	139
Adipocere .....	174
Adrenalin: See Suprarenal Extract	
Adrenals: See Suprarenals	
Agglutination: See also under Bacteria	
flagellar and somatic.....	923
of paratyphosus B and enteritidis Breslau .....	549

Agglutination—Continued	PAGE
relation of, by specific serum to agglutination by acid.....	167
use of serum obtained after death for iso-agglutination .....	170
Agglutinins, and precipitins in anticholera serum .....	549
iso-agglutinins in new-born.....	164
Agranulocytosis .....	922
(Schultz) and the agranulocytic symptom complex .....	1088
Albuminuria, postural, lordosis as cause of .....	1081
Alcohol, wood: See Methyl Alcohol	
Alcoholism, chronic, disturbances of liver metabolism .....	353
in the Tyrol.....	1117
Allergy, and classification of pulmonary tuberculosis .....	169
from diphtheria anatoxin.....	925
reactions of rabbit's intestine during anaphylactic shock as recorded cinematographically.....	*391
rôle of, in tuberculosis.....	553
Alter, N. M.: Myasthenia gravis with multiple thymic granulomas.....	1127
The so-called lipoid nephrosis.....	1122
Amebiasis: See also Colitis, amebic	
intestinal, in kittens, pathogenesis of..	*1
Amino-acids, effect of removal of liver on specific dynamic action of, administered intravenously .....	717
Amyloidosis, amyloid in tumor of cervical lymph nodes.....	727
Anaphylaxis, allergic reactions of rabbit's intestine during anaphylactic shock as recorded cinematographically.....	*391
experimental, influence of cholesterol on .....	1114
experimental, sensitization per vaginum with proteins from male gonads.....	547
in white rat, as influenced by diet.....	*827
of isolated vessels.....	743
pulmonary circulation in guinea-pig during anaphylactic shock.....	924
serum, researches on.....	742
skin reaction with application of different rhus species.....	1112
with type-specific carbohydrates of pneumococcus .....	925
Anemia, and chronic intestinal stasis, relationship between.....	919
blood regeneration in severe.....	907
infectious, of albino rats; reticulo-endothelial system in.....	*787
of tongue, important early symptom of arterial air embolism.....	720
pernicious, edema and reduction in excretion of water in.....	1080
pernicious, examination of bone marrow in vivo in.....	1090
rat, infectious, transmission of.....	1108
sickle cell.....	723
sickle cell, further investigation of a case of splenic atrophy with calcium and iron incrustations (nodular splenic atrophy) .....	*801
von Jaksch's, erythroblastemia of infants; a study of so-called .....	1128
Aneurysm, aneurysma dissecans on a syphilitic basis.....	534
arteriovenous, of brain.....	141
congenital, of cerebral arteries.....	144
of placental artery.....	1097
traumatic, of axillary artery.....	940

# INDEX TO VOLUME 7

	PAGE
Angina Pectoris, changes in the k, ca and cholin content of blood in.....	325
Angiomyoma, uterine, case.....	148
Anthrax, bacillus, virulent, from case of malignant pustule in man.....	1119
infection and immunity of skin in.....	1113
infection and immunity, researches on..	739
Antigens and Antibodies, cell, and individual specificity.....	925
chemospecific.....	548, 743
experimental investigations into group specific.....	926
formation of, by mixed immunizations..	746
group specific differentiation of human tissues.....	1112
heterogenous system in human erythrocytes and heterogenous human antigen in erythrocytes of animals.....	926
heterophilic, absence of, in certain foods.....	1111
improved technique for comparison of, by yeast fermentation.....	1118
lipoid, relationship between structure and function of.....	743
specific and subspecific.....	926
studies on antigenic properties of ultraviruses.....	166
Aorta, abdominal, embolism and thrombosis of.....	929
coarctation of adult type.....	326
lesions in dogs caused by infection with spirocerca sanguinolenta.....	*253
ring, congenital atresia of.....	911
rupture spontaneous, during labor.....	357
rupture, spontaneous, of.....	376
Appendicitis, acute, bacteriology and serotherapy in.....	1107
Appendix, blood supply to.....	1089
diverticulosis of, and pseudomyxoma peritonei.....	332
lymphatic reaction in wall of.....	728
mucocoele of.....	182
vermiform, peritoneal pseudomyxomas originating from.....	148
Arachnoid, arachnoiditis, chronic, cerebellar cyst complicated by.....	1097
Argyll Robertson phenomenon: See under Pupils	
Arteries, axillary, traumatic aneurysm of	940
cerebral, congenital aneurysm of.....	144
coronary, air in.....	532
coronary, unusual occlusions.....	749
effect of electric currents on; histologic study.....	*244
placental, aneurysm in.....	1097
pulmonary, circulation in guinea-pig during anaphylactic shock.....	924
pulmonary, congenital structural anomalies of.....	533
vertebral, traumatic intracranial laceration of normal.....	750
Arthritis, chronic, synovial fluid in.....	732
Ascariasis, of gallbladder.....	141
Ascaris, experimental study of some immune reactions to.....	936
larvae, in body of host, changes in migration of.....	1108
lumbricoides, and related helminths, precipitin reactions with various tissues of.....	740
Ascites, chylous, generalized lymphatic vessel carcinomatosis with.....	928
Asphyxia, intracranial lesions or, in newborn.....	177
Asthma, bronchial, pathology of.....	1098
Atelectasis: See under Lung	
Atophan: See Cinchophen	
Atrophy: See under names of organs; as spleen	
Bachem, A.: Effect of electric currents on arteries; histologic study.....	*244

	PAGE
Bacillus: See also Typhoid bacilli; Tetanus, bacilli; Smegma	
abortus, infection in man.....	153
abortus-melitensis group, studies on metabolism of.....	542
abortus of Bang as cause of septic disease in human beings.....	163
abortus, spondylitis due to.....	163
Breslau infection in mice.....	548
brucella abortus and brucella melitensis, comparative inoculations of, in goat..	161
brucella abortus in milk, thermal death point of.....	734
brucella group, acid agglutination optimum in.....	1111
brucella organisms, behavior of, towards gentian violet.....	157
coli, investigation of forms of, occurring in man.....	345
contamination of iso-agglutinative serum by bacilli that produce agglutinin....	549
Doderlein's, lactobacillus acidophilus....	542
dysenteriae (Shiga), immunological studies of constituents of.....	1114
fusiformis, morphology and motility of	543
influenzae, infection of a laboratory worker with.....	733
Koch-Weeks, meningitis in children caused by.....	162
lactobacillus, surface tension in relation to bacterial growth with special reference to.....	158
normal and phage-resistant shiga dysentery, toxin production by.....	340
paratyphosus B and enteritidis Breslau, agglutination of.....	549
Pfeiffer's, incidence of, in throats during epidemic and interepidemic periods in Chicago.....	920
proteus, infections.....	738
rare gram-negative anaerobic, as unusual causes of acute infections of middle ear.....	1108
welchii and vibrio septique toxin, action of, on isolated organs.....	543
welchii, relation of vitamin B to infection and immunity with special reference to	184
Bacon, L. H.: Primary intrahepatic thrombosis of portal vein.....	753
Bacteria: See also Diphtheria; Typhoid content of uterus at cesarean section..	731
(cornyobacterium murisepticum n. sp.) new cause of mouse septicemia.....	1108
cultures, chemical and bacterial inhibition of gas formation in.....	733
cultures, classification of bacterium alcaligenes, pyocyanum and fluorescens.....	734
culture media containing agar, new method for preparation of.....	180
culture, production of histamine, tyramine, bronchospastic and arteriospastic substances in blood broth by pure cultures of micro organisms.....	735
destruction of diphtheria toxin by.....	920
detailed differentiation of, by means of mixture of acid and basic dye at different pH.....	185
effect of certain toxic substances in bacterial cultures on intestinal movement.....	*204
enteritidis, and aertrycke, poison produced by, which is active in mice when given by mouth.....	1104
growth, in human serum, inhibition of..	1113
influence of iodide on bacterial decomposition of nitrogenous substances....	733
micrococcus zymogenes, study of.....	732
passage of, through intestinal wall.....	537
proteus ammoniae.....	541
replacement of potassium by other elements in culture mediums.....	541
salmonella pullorum, salmonella gallinarum, pasteurella avicida and escherichia coli, differential medium for....	552

# INDEX TO VOLUME 7

Bacteria—Continued	PAGE
septic infection due to bacterium mor- gani-l.....	734
thermophilic, in canned foods.....	919
Bacteriology, in connection with forensic medicine .....	749
and serotherapy, in acute appendicitis..	1107
window demonstration in teaching.....	*273
Bacteriophage, behavior of, in presence of nonsoluble micro-organisms.....	1105
hydrolysis of bacterial protein during lysis by.....	539
in chicken embryos.....	163
of psychrophilic organism.....	918
sensitizing properties of.....	924
sensitization and immunization with, in experimental plague.....	347
studies .....	546
Baehr, G.: Arterial supply of kidney in nephritis; its relation to clinical pic- ture .....	*458

Benjamin, E. L.: Dubois' sequestrums (nonsyphilitic) of thymus.....	375
Bennett, G. A.: Sick cell anemia; further investigation of case of splenic atrophy with calcium and iron incrustations (nodular splenic atrophy).....	*801
Splenic atrophy with calcium and iron incrustations (nodular splenic atrophy) report of case.....	*71
Benson, H.: Neisseria subflava (Bergey) meningitis in infant .....	757
Berg, B. N.: Mucosa of intramural seg- ments of common bile duct and pancreatic ducts.....	367
Bile, accumulation of, around the liver... ducts, common, ligation of, effects on appearance of tetany in thyropara- thyroidectomized dogs.....	320 317
duct, mucosa of intramural segments of common bile duct and pancreatic ducts	367
formation of.....	722
pigment, histochemical evidence concern- ing site of formation of.....	*84
pigment, histologic study of formation of .....	*993
salt, metabolism .....	1099
Bilirubin, effects of hormones on elimina- tion of.....	*646
Birnbaum, G. L.: The size of the con- solidated lung, in lobar pneumonia..	933
Biskind, M. S.: Allergic reactions of rabbit's intestine during anaphylactic shock as recorded cinematographically	*391
Effect of certain toxic substances in bacterial cultures on intestinal move- ment .....	*204
Bismuth, suspension, radiopaque, for ana- tomical, histological and pathological research .....	1118

Blacktongue: See Tongue	PAGE
Bladder, corrosion of, following attempted abortion .....	357
epithelial neoplasms of.....	549
injury of, by radium and x-rays.....	178
wounds of.....	353
Bloch, R. G.: Experimental studies on collapse of lungs in rabbit.....	935
Blood: See also Capillaries; Erythrocytes; Leukocytes	
and tissue cells, effect of light on.....	1089
auto iso-agglutination.....	350
changes, chemical, effect of sodium chloride on, of dog after obstruction of cardiac end of stomach.....	529
changes in k, ca and cholin content of, in angina pectoris.....	325
changes, in mechanical constriction of hepatic veins .....	752
changes, in syphilis.....	350
changes of neutrophile granules in infec- tious diseases.....	344
changes, resulting from mechanical obstruction of hepatic vein.....	525
chemical analysis of, in patients with senile cataract.....	335
chlorides, in proteose intoxication.....	529
circulation, arterial supply of kidney in nephritis; its relation to clinical pic- ture .....	*458
circulation, rate in some pathological states, with observations on effect of digitalis .....	322
circulation, through spleen pulp.....	*215
combined carbohydrate in, study of.....	1130
creatin estimations of (1000 analyses)	552
effects of carbon arc radiation on, in dogs .....	317
fats and lipoids; lipid metabolism in fasting animals.....	530
groups, and diseases of population of Schleswig-Holstein .....	927
groups, and paternity .....	360
groups, cooperative donor bureau in New York .....	311
groups, hemolysis and hemagglutinin for sheep corpuscles in human serums.....	1111
groups, in man and chimpanzee.....	169
groups, inheritance of.....	350
groups, inheritance of agglutinogens of human blood demonstrable by immune agglutinins .....	546
groups, international nomenclature of....	311
groups, of Baffin Island Eskimos.....	165
group, significance of, and of plasmodium sporulation on type and incubation period of malaria.....	350
hemoglobin changes following removal of spleen .....	318
hemoglobin content of rat blood, relation of copper to.....	321
hemorrhagic hyperglycemia.....	318
human red cell, relation of plasmodium falciparum to, as determined by sec- tions .....	1102
lactic acid of, in disease of liver.....	326
megacaryocytes, intravascular occurrence of .....	1091
monocytes, increase in number of, follow- ing subcutaneous administration of yellow phosphorus in oil.....	*813
morphology of white cells in enteral sensitization and anaphylaxis.....	726
of guinea-pig in experimental scurvy, some characteristics.....	144
opsins, relationship between hemolytic complement and opsonic power of guinea-pig serum.....	1111
picture, in human trichiniasis.....	163
plasma chlorides in obstructive jaundice	335
plasma, complementing properties of....	740
plasma, in severe diabetic acidosis.....	536
platelets, connection between spindle- shaped cells and, according to immu- nity methods .....	1114

platelets, in typhus fever.....	*640	American Type Culture Collection. Catalogue of Cultures. Ed. 2. (Distributed without charge) Pp. 142. Chicago: The John McCormick Institute for Infectious Diseases, 1928.....	562
potential alkalescence of, and its fluctuations in pulmonary tuberculosis.....	163	Ausgewählte Schriften zur Tuberkulosepathologie; K. E. Hanke.....	379
preservation of, for sugar estimation.....	931	Chronic (Nontuberculous) Arthritis. Pathology and Principles of Modern Treatment; A. G. Timbrell Fisher.....	946
pressure, composite curves of cardiovascular reactions following adrenalin injections in tuberculous patients.....	1080	Clinical Physiology (A Symptom Analysis) in Relation to Modern Diagnosis and Treatment. A Text for Practitioners and Senior Students of Medicine; R. J. S. McDowall.....	195
pressure, renal function in arterial hypertension.....	1080	Constitutional Inadequacies; N. Fende.....	947
protein, albumin-globulin ratio in serum in pulmonary tuberculosis.....	161	Die Biologie der Person: Ein Handbuch der allgemeinen und speziellen Konstitutionslehre und Mitarbeit zahlreicher Fachmänner. Herausgegeben von T. Brugsch und F. H. Lewy.....	1132
proteins in nephritis, osmotic pressure of reactions of white blood cells of guinea-pig following inoculation with human tubercle bacilli.....	539	Green's Manual of Pathology and Morbid Anatomy. Fourteenth edition. Revised and Enlarged; A. Piney.....	563
sedimentation rate, of erythrocytes.....	163	Laboratory Diagnosis and Experimental Methods in Tuberculosis; H. S. Willis	194
sedimentation rate of red blood corpuscles, effect of external temperature on sedimentation speed of erythrocytes in pulmonary tuberculosis.....	161	Laboratory Technique. The Methods Employed at St. Luke's Hospital, New York; F. C. Wood, K. Vogel, and L. W. Famulener.....	1132
sedimentation test, graphic method for.....	759	Lectures on Conditioned Reflexes. Thirty-five years of Objective Study of the Higher Nervous Activity of Animals; I. P. Pavlov.....	377
serum, indican in, prognostic value of in nephritis.....	552	Lectures on Plant Pathology and Physiology in Relation to Man.....	947
serum proteins, toxicity of, in eclampsia.....	522	Lehrbuch der Toxikologie für Studium und Praxis; F. Flury and H. Zangger	947
serum, surface tension of, in syphilis.....	1110	Manson's Tropical Diseases: A Manual of the Diseases of Warm Climates. Edited by P. H. Manson-Bahr.....	946
serum, use of, obtained after death for iso-agglutination.....	170	Morphologic Variation and the Rate of Growth of Bacteria; A. T. Henrici.....	764
sickle-shaped red blood cells, origin and fate of.....	*820	Organic Laboratory Methods; Lassar-Cohn.....	564
sugar, administration of insulin through portal system in dogs.....	326	Recent Advances in Bacteriology (and the Study of Infection); J. H. Dible	763
sugar, and respiratory metabolism time curves of normal individuals following simultaneously administered glucose and insulin.....	719	René Théophile Hyacinthe Laënnec; A. Memoir; G. B. Webb.....	194
sugar, cancer of islands of pancreas.....	142	Tumors Arising from the Blood Vessels of the Brain Angiomatous Malformations and Hemangioblastomas; H. Cushing and P. Bailey.....	561
sugar, changes in blood dextrose in rabbits after intravenous injections.....	136	Ueber das Problem der bösartigen Geschwülste. Eine experimentelle und theoretische Untersuchung; L. Heidenhain.....	378
sugar, changes in, following injection of peptone in dog.....	524	William Harvey; A. Malloch.....	564
sugar curves, cutaneous and venous in normal individuals after insulin and in liver disease.....	1083	Books Received.....	1134
sugar, effect of training on work curve of sugar. fluctuation of, during eclampsia and its relation to the convulsion.....	522	Boric Acid, in man, time of absorption and excretion of.....	150
sugar, hypoglycemia in Addison's disease.....	530	Botulism, toxin, immunity to.....	166
sugar, regulation of fat, carbohydrate metabolism and.....	721	toxin, studies on.....	1104
sugar, relations between parotid, pancreas, diabetes mellitus and.....	324	Brain, arteriovenous aneurysm of.....	141
sugar total of.....	336	changes in, in increased intracranial pressure.....	329
transfusion, etiology and pathologic anatomy of reactions after.....	746	concussion, punch drunk.....	1116
urobilin content of normal human.....	914	cysts of.....	727
vessels, angiospasm as cause of renal infarcts.....	729	diencephalon and hypophysis in cancer diseases, demonstrable in exhumed bodies in mongolian idioey.....	750
vessels, importance of, in round ligament to head of femur during the period of growth and their possible relationship to Perthes' disease.....	187	pathology of cerebral vessels; cerebral hemorrhage.....	728
vessels, migration of bullets, shot, and nails after insertion into veins of dogs.....	172	pathology of membranes of spinal cord and.....	142
vessels, stream line phenomena in portal vein and selective distribution of portal blood in liver.....	141	puncture of superior longitudinal sinus of dura in infants.....	175
volume of.....	149, 178	swelling.....	1097
white cells, effect on, of intraperitoneal injection of whole liver.....	*804	tumor, high blood urea, non-protein nitrogen, creatinine and uric acid values in case of.....	1084
